OUR TRANSPORT SCHEDULE & RATES

Applicable to the 2026 Academic School Year

Transport Policy Guidelines

Transport fees are structured based on overall operational requirements, including route planning, travel time, fuel consumption, staffing, safety measures, and vehicle upkeep, and are therefore not determined by distance alone.

Allocation of Transport:

Transport slots are offered on a first come, first served basis. Parents are encouraged to confirm and secure space early, as availability on each route is limited.

Minimum Enrollment per Route:

Each transport route operates subject to a minimum number of learners. Where the required number is not met, the school reserves the right to adjust, merge, or discontinue the route in order to maintain efficiency and safety.

Payment Terms:

Transport fees are charged per term and are payable in full at the beginning of the term. This enables proper planning of routes, staffing, and operational logistics.

Refund Policy:

Transport fees are non-refundable once the term has commenced, as costs are committed in advance for the entire term.

No Transfers:

Transport fees cannot be transferred to school fees or any other account, regardless of changes in usage during the term.

Route & Pricing Review:

The school reserves the right to review and adjust transport routes and pricing where necessary, based on operational needs and sustainability.

Periodic Fee Review:

Transport fees are subject to periodic review in response to changes in operational costs such as fuel prices, vehicle maintenance, insurance, and regulatory requirements. Any adjustments will be communicated in advance.
